

Dear parents of future school beginners!

An exciting and exciting time lies ahead of you - your child will start school in 2024. With this overview we want to inform you about the schedule of the pre-school year, the procedure for school registration and important dates and events. Hoyerswerda has four primary schools with motivated and qualified teachers and modernized buildings where your children can learn in a friendly and inspiring atmosphere. All four primary schools offer you the opportunity to get to know the school in advance through various events. Your children can also experience their future teachers and a lesson in a playful and creative way on the taster days. Those responsible will do their best to enable your child to be admitted to the school of your choice. If you have any questions, please get in touch with the respective contact persons. We look forward to getting to know you and your child!
